Why Health New Zealand Waitaha Canterbury?

There has never been a better time to consider a career with the Health New Zealand Waitaha Canterbury. We are committed to providing RMOs with an excellent employment and training environment in a city with abundant recreational attractions. You could be part of our team of professionals providing world class health care right here!

In addition to new clinical facilities, we are fortunate to have Manawa, our new, multi storey, state of the art, education and training facility located on the Christchurch Hospital campus. Manawa is a joint venture between the University of Canterbury, ARA Institute and Health New Zealand Waitaha Canterbury.

A career with us means working for an organisation committed to providing the best health care possible to the people of Canterbury. We provide excellent training opportunities for RMOs and you will gain extensive experience in a wide variety of specialties and settings.

Attractions in the Region

Outside work, you can watch the new city taking shape while you enjoy the variety of theatre, music and sports events on offer throughout the year. Christchurch's new Metro Sports Facility is set to open in 2025 and is located close to the Christchurch Hospital Campus.

Christchurch is also the place to be if you are looking to enjoy an outdoor lifestyle. The mountains are within an hour and a half's drive from the centre of the city and the ocean is only twenty minutes away! We have lovely beaches on our doorstep and are close to a great variety of destinations for day trips and short getaways.

Come and join us!

Selection Criteria

- Mandatory Cover Letter and CV
- Consideration of ACE scoring (for PGY1 applicants)
- References from supervisors
- Commitment to living and working in Christchurch

Medical Education and Training Unit (METU)

The Medical Education and Training Unit team facilitates your orientation and the on-going teaching programme, as well as ensuring that you meet your Medical Council of New Zealand requirements. The METU team includes 15 Prevocational Educational Supervisors from a wide variety of specialties who are available to provide you with regular support and guidance.

Resident Doctors' Support Team (RDST)

The Resident Doctors' Support Team at Waitaha Canterbury is just that: we are here to support you in your employment and training. We deal with the administrative side of your employment, such as recruitment, rostering and leave management.

METU and RDST are co-located and if we can't answer your query, we'll find someone who can!

Rosters

Rosters vary across the specialties however to give you an idea, most consist of:

- 1 – 2 long days per week (0800-2300)
- 1 in 7 weekends (0800-2300 each weekend day)
- Night duty in blocks of three nights and four nights, each at an approximate frequency of 1:7

Roster frequencies may vary across the Services, however most of the rosters work to a predictable template, to help you to plan your life outside work.

Some services have their own specific house officer out of hours rosters, while other services may participate in combined out of hours rosters.

Out of hours, house officers are supported by the SMO and registrar on their team, as well as by the Clinical Team Coordinators (CTCs). CTCs are senior nurses, usually with experience in ED or ICU, who can offer clinical advice, triage calls and ensure that the workload is shared evenly.

There is no need to feel alone out of hours, as help is always close at hand.

PGY1 Average Salary

Salaries vary according to union membership and the workload of the particular service to which you are allocated.

As an example, a first year house officer commencing in General Medicine might expect to be paid a salary as follows:

NZRDA Union \$93,593 p.a.

STONZ Union \$95,800 p.a.

Please note, however, that these rates are subject to change.
