What does the RDST do?

- Essentially an RMO unit however with an emphasis on support
- We manage all recruitment, onboarding and rotations of RMOs
- Coordinate 70% of RMO rosters and leave approvals
- **1 stop shop for all RMO matters**

Priority is to support PGY1s in their transition from TI, we work closely with the Medical Education Training Unit and your Educational Supervisors

Medical Education & Training Unit Te Hunga Akoranga Rata

We are responsible for the overall education and clinical training for all RMOs not in a vocational training programme. We ensure that junior medical staff receive the training and supervision that is needed to meet the requirements set by the MCNZ.

We seek to identify, develop and implement best practise in medical education and training initiatives.

Supervision

- Educational Supervisors
 - METU appointed PES that stay with you for your first 2 years.
- Clinical Supervisors
 - Service appointed supervisor that you will meet with several times during your run.

Pre- Vocational Education Supervisor

Support new doctor's with their ongoing education, professional development and pastoral care as needed.

PGY1 Hos will have a PES appointed by METU

The same PES remains with you through your PGY1 and PGY2 year

Expectation to meet with your PES once you start then at the end of each run.
