Why Choose the Wellington Region?

The Wellington Region DHBs have 530 RMO positions across the 4 Hospitals (Wellington Regional, Kenepuru, Hutt Valley and Masterton).

Our RMO positions are rotational which means that you may work across different sites during your time with us.

This means you can meet all of your training requirements within the one region which includes the possibility of rural attachments.

Attractions to the Region

Wellington has repeatedly been voted New Zealand's top life-style city and is the cultural and creative hub of the country renowned for its café culture, fantastic restaurants, sparkling harbour and close proximity to vineyards. For more information about working and Living in Wellington, visit Discover Wellington.

The Wellington DHB's endeavour to provide a great RMO experience, through robust medical supervision, teaching and progression opportunities.

Selection Criteria

The Wellington Region doesn't award additional marks based on the University you are graduating from or to candidates who have interned with us. All applicant CV's, Cover Letters and References are reviewed.

Helpful tips:

- Career progression and aspirations linked to our 3 DHB's
- Commitments in the Region
- Family/Friends or support in the region

Interested applicants should complete a phone interview via an online expression of interest form.

How you score by ACE contributes significantly to your application and your overall score so spend as much time as you can in having a solid ACE application and don't leave contacting your references to the last minute.

Positions Available

The exact number of positions expected per DHB will be released on the ACE RMO website and ACE RMO Facebook page from 28 February 2020.
